Dear Harold:

Our mail gets there because we sturdy, existentialist Vermonters carry it there ourselves! No fooling around with the U.S. Mails.

That trip to Madison sounds interesting. If you run into Harvey Goldberg, prof. of History, give my regards. Good luck on all the rest.

No problems with air connections to Burlington-hop to NY, then on her via Mohawk jet or perhaps NE Air. Ernie can tell you since you know he and Ruth were up in XXXX Oct. for the wedding.

Besides paying your expenses, Nick Muller is pushing for beyond. He's the one in charge of this thing and I suggested you to him in the first place. By Dec. 21st I should know how much "beyond" is. I will be in Frederick Dec. 23rd to Jan. 1st and will call you then on $$$ and a date to be mutually agreed upon. Ok?

Best to all.

Henry
